

UNINSURED SERVICES

The Alberta Health Care Insurance Plan (AHCIP) pays for many of the services you receive from your doctor or midwife.

Completion of forms, reports, or letters is NOT covered by AHCIP. You, or a third party (such as an employer, insurance company, lawyer, or school) may request your physician or midwife to complete a form, report, letter, etc. Provision of these types of uninsured services requires the time, expertise, and office materials of the doctor/midwife and their staff. You (or the third party) will be charged a fee to cover these costs.

The fee for completion of forms, reports, or letters is **\$25 per page**.

Payment in cash is required when you receive the completed form, report, or letter.
